Senior Counselor

MISS ADELINE BROHM

To the Class of January '39

Many delightful memories come to mind as I send this greeting to you, linked as it is with my sincere devotion to all of you. As I note the theme of our Senior Memory Book, that of winter, one thought predominates. It is not a cold and dreary thought, but one of fireside warmth and cheer — the "FLAME" of love and hope.

This thought for you is most sincerely expressed in the following words, with the hope that you may share with me their cheering light, so that you, too, may say:

A Brohm
Best wishes
to alecta

"I would rather be a builder of castles made of air
To be rebuilded every day, and dwell in fancy there,
With everything to make me glad, the doors all closed to gloom
And sunlight of tomorrow shining into every room,
Than ever keep within the walls of sad things, past or now,
For, though my castles do not last, they're cheering, anyhow,
And so I build and build again, rebuild from day to day,
And some time the Master Builder may let my castles stay."
